

# Cosmetic Charity Event-April 2016

Discounted Dermatology Treatments performed by Dr. Peter Saitta.  
All proceeds go to The Just Human Fund.

## About JUST HUMAN

The Just Human Fund is an organization of medical professionals that seeks to help at-risk youth with their life struggles.

Young adults are now forced to make many difficult decisions about career, sexuality, school involvement, and even high risk behaviors such as drug use, alcohol consumption and sexual promiscuity. The consequences of poor decisions, especially surrounding these high risk behaviors, can result in immediate death, un-thought-of turmoil for friends and family, or even a lifelong spiral of poverty, depression, exhaustion, despair, self-pity and humiliation.

We hope to provide the proper resources to begin to reverse the side effects of poor decision making. 100% of proceeds donated to this cause will be used to help these at-risk youths.

## Our Mission

Our mission is to help young adults in times of adversity address urgent needs by connecting them with resources, support, and education. We seek to help by providing services for housing, physical and mental medical attention, and employment and education assistance. Our belief is that assistance in these areas can greatly empower youth by boosting self-confidence. Accomplishing a small goal, such as completing a days work, can provide a positive feeling thereby increasing faith in oneself.

**To make your reservation, call:  
(718) 491-5800**

- Inform the receptionist you would like to make an April charity appointment with Dr. Peter Saitta and mention that you were referred by Rx Plus Pharmacy.
- They only have a limited amount of product donated. Make your reservation today and help support this great cause!

**Dr. Peter Saitta  
7901 Fourth Avenue  
Brooklyn, NY 11209**

*I want to thank all of the participants of the charity. Your donations will help support college tuition for local disadvantaged children. Our goal is to raise \$50,000 this year and all proceed go to this cause.*

*- Dr. Peter Saitta*
